

Hearing Protection

3M™ E-A-Rsoft™ Neon Blast Earplug

More Fun. More Wearers. More Compliance.

When was the last time your workers were excited about hearing protection? These neon coloured plugs with their flame graphics stand out over the competition.

Better yet, the soft smooth, tapered shape makes E-A-Rsoft Neon Blasts exceptionally comfortable. So they not only look and work great, they feel great too.

These plugs are the perfect answer for compliance problems.
