Description

Tripp Lite's SmartRack SRCABLELADDER helps eliminate cable stress by organizing cables outside of the SmartRack Enclosure or Open Frame Rack. The cable ladder is 12" wide and 10-ft high. It ships in two convenient 5-ft sections for easy shipping, storage and assembly. The SRCABLELADDER can be installed parallel or perpendicular to an enclosure. A grounding stud is provided to allow tie-in to the enclosure and facility ground.
